

C29 is a new restaurant fashioned after Capo in Santa Monica that has been open for 25 years. As ambitious as we would like to be, we will serve a limited menu until we open at 61 Main St. C29 is about the finest ingredients prepared with classic techniques, made simple, in an environment of fine art, lighting, table settings and glassware. In spring of 2025 we will move to our new location, with an expanded menu & wine list, seasoned staff and the best we can offer in the Napa Valley.
